

Dear Woodbury Residents,

We hope when you read this notice you and your loved ones are all staying safe and healthy.

Supervisor Palermo has noticed a robust increase in multiple bulk items and wishes to provide the residents with additional support. The Supervisor has worked with County Waste to provide a 30-yard dumpster to assist all residents as they tackle some major spring cleaning.

What does this mean?

- You are home organizing your residence and feel the need to throw out some bags, or extra bulk - bring it over to the dumpster.
- The one bulk item service per week is still in effect. However, we are asking it must be kept to one item.
- Call the Refuse Dept. at least 24 hrs. in advance and CW will pick-up that one item. Refuse phone # is 928-7578 ext. 1242.

Some Exclusions that are not to be dumped are:

- No Electronics, No Hazardous Material, and No items with Freon.

Where will this dumpster be located?

- The dumpster will be located behind the Senior Center in the parking area.
- It will be located there until further notice.
- It is available to all town residents at no extra charge.

When will this start?

- This will begin tomorrow, May 20th, 2020.

We know we are going through some challenges right now; please believe it will get better with time.

Stay safe,
Supervisor Frank J. Palermo
