Hi, I'm the Chairperson for the Woodbury Beautification Committee. Would you be able to submit an estimate for the following work?

Description: Installation of lighting receptacle apparatus onto 10 utility poles along Route 32 in Highland Mills. Work would need to be completed by October 15th.

Details for each of the 10 utility poles:

1. New service entrance head
2. New schedule 80PVC/RNC raceway system
3. New 20-amp commercial disconnect switch for each receptacle
4. New amp GFCI weather resistant receptacle
5. New in-use bubble cover to keep receptacle dry
6. New photocell
7. New outlet boxes
8. New 10-gauge AWG copper wiring
9. New hardware

Total price should include labor (prevailing wages), materials and electrical permit fee.

We are preapproved with the 10 selected utility poles with O&R. You would be responsible to contact them when work is to start.

All required Insurance coverage is your responsibility.

You will need a bucket truck and provide all safety protocols along Route 32 during installation.

Thank you,

Maria Hunter
