In August of 2021, the Town Board approved a budget modification to provide an appropriation for the Sensory Park, pickle ball, etc. The pickle ball court has just been completed (the lines have been corrected) and we are in receipt of the bill. Since budget appropriations lapse, I am requesting the following modification to provide the 2022 appropriation for this payment.

Increase:	CM0599 Appropriated Fund Balance	\$79,774
