Subject: Various Bid Results - Chlorine/Fuel Oil/Propane

Hi All – Here are the bid results from the opening held this morning:

No 2 Fuel Oil – NO BIDS RECEIVED

Propane Tank/Service at Community Building – NO BIDS RECEIVED

NOTE – One company I think it was Wechsler - stopped in to talk about this bid. They felt the bid package was too cumbersome for such a simple project. They also felt it was being done under pretense since there is already a tank at the location being serviced.

Bulk Chlorine:

Kuehne Chemical - \$6.00/gallon

Slack Chemical - \$1.964/gallon

Wechsler Pool & Supply - \$1.99/gallon, \$3.40 compliance charge per delivery, \$2.65 fuel charge per delivery

NOTE – Wechsler is our current and the preferred provider of the Buildings/Grounds Superintendent. We have used Slack before (when they were a lower bidder in the past) and Bobby Blair was not happy with them.
