RE: Proposal Number: 173028-1-0

Dear Kevin D Phillips,

Stratagem Security is pleased to present you with the following proposal for your location. Based on your input and our evaluation of your needs, we have prepared a scope of work which details the equipment recommended for your facility.

The solution proposed represents Stratagem Security's most versatile, flexible and reliable system solution. The proposed system comes recommended to you only after extensive analysis of your business and security needs and requirements. As such, we believe the proposed solution offers the most cost-effective method of satisfying your initial requirements while supplying a strong base which can be expanded to accommodate future needs.

We will remain at your service to provide any clarification, definition, or further description of any portions of this proposal as you may require. We are confident you will be pleased with the pricing options available to you.

This proposal pricing is based on OGS Group 77201- intelligent Facility & Security Systems and Solutions Award PT68864. All labor rates are prevailing wage and are based on fixed rate/lump sum agreement.

The below is a line from OGS on How to use the contract:

https://ogs.ny.gov/system/files/documents/2019/04/23150attachment_16.pdf

Authorized Users MUST obtain a separate Prevailing Rate Case Number (PRC#) for each purchase from this contract where prevailing wage rates apply. The PRC # provided in this Bid is for information and evaluation purposes of the Centralized Contract only. When an Authorized User submits the request for the applicable prevailing wages, the Department of Labor will send the Authorized User an email with a link to the PRC information for the particular service agreement requested. For access to the Department of Labor (DOL) PRC # request page, use the following link (please copy and paste into internet browser address bar as direct link does not work):

<https://applications.labor.ny.gov/wpp/showPublicNewProject.do?method=showlt>

Again, we thank you for the opportunity to provide you with our recommendations and look forward to being favored with your order.

Sincerely,

Basil Morales
