DOWNSIDE PROTECTION PROGRAM

With The high volatility of heating oil futures and the huge upswing and downswings in the market the cost to buy futures and to guarantee that we can offer lower prices if the price drops is quite expensive. By signing up for the program I guarantee that the price of heating oil will not go above \$ 2.399 during the season. If the price goes lower than the capped price, you will receive the lower price. We apologize for the additional cost but this is the best we can do.

MUST BE SIGNED AND RETURNED BY OCTOBER 15TH, 2020
